WHEREAS the Association is a body corporate and politic incorporated by Letters Patent without share capital under The Ontario Companies Act for the following purposes and objects, that is to say: To establish, maintain and conduct a national fat stock fair and breeding show in the City of Toronto for the exhibition of farm animals of all kinds, products of farms, gardens, dairies and apiaries and for the giving of prizes to exhibitors and generally for the encouragement of the animal industry and of farm industries in Canada;

AND WHEREAS, to provide accommodation for the holding of such a show by the Association, the City, at its own expense, in or about the year 1920, erected in Exhibition Park, Toronto, owned by the City, a building commonly known as "The Coliseum," at a cost of approximately \$1,300,000.00, to provide for which cost the City has annually to raise a sum of about \$95,000.00 for a period of thirty years.

AND WHEREAS the Association has for several years held an annual show or exhibition of farm animals and products of farms, gardens, dairies and apiaries and other similar exhibitions in "The Coliseum" aforesaid, (which building has been occupied by the Association for the purpose of such show or exhibition under the provisions of an agreement made between the parties hereto and dated the 27th day of May, 1921, as amended by a further agreement between the same parties dated the 27th day of June, 1923,) and in certain live stock buildings near "The Coliseum" in the said Exhibition Park;

AND WHEREAS the Association considers that the space available in "The Coliseum" and the said live stock buildings is inadequate to meet the growing requirements of the Association and that it is accordingly necessary to have erected an additional building or buildings in order to provide suitable accommodation for all the live stock and other exhibits annually entered for competition or display in the Association's show or exhibition;

AND

AND WHEREAS by an Order-in-Council approved by His Honour the Lieutenant-Governor of the Province of Ontario dated the 14th day of August, 1925 (a copy of which Order-in-Council is hereunto annexed), it is provided that upon the conditions therein set out and subject to the passing of the necessary legislation at the next session of the Legislature of the Province of Ontario annual payments of \$35,000.00 each will be made by the Province out of the funds of the Province of Ontario for twenty consecutive years commencing with the year 1926-1927;

AND WHEREAS the Association has requested the City to proceed with the erection of such additional building or buildings upon the lands of the City known as Exhibition Park upon a site therein to be approved by the Association and by the Ministers of Agriculture of the Dominion of Canada and the Province of Ontario, respectively.

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the premises the parties hereto have agreed as follows:—

1. The Association will forthwith cause to be made plans and specifications for the erection and equipment of the said building or buildings required to provide additional accommodation for the Association (hereinafter referred to as the New Building) and will obtain the approval of said plans and specifications and of the site of the New Building by the Minister of Agriculture of the Dominion of Canada and the Minister of Agriculture of the Province of Ontario, or the officers named by them respectively, as provided in said Orders-in-Council, and also by the City and by the Canadian National Exhibition Association, it being understood that the Association will without expense to it, make use of the services of the City Architect and Superintendent of Building in the preparation of the said plans and specifications, and will not employ any other architect.

2. Upon the said plans and specifications and site being so approved the City will proceed with the erection and equipment of the New Building in Exhibition Park, which New Building and equipment shall be the property of the City subject only to the provisions of this agreement.

3. In erecting and equipping the said New Building, the City shall, before awarding any contract, procure through the Association the approval of the Minister of Agriculture of the Dominion of Canada and of the Minister of Agriculture of the Province of Ontario, or the officers respectively appointed by them for said purpose, to the cost of erecting and equipping said building, and the City also will allow proper officers of the Province of Ontario to inspect the work of construction while in progress and to audit the construction cost.

4. Upon the completion of the New Building by the City and the ascertainment of its total cost, including the cost of the preparation of the plans and specifications, the City will issue serial debentures to raise the full amount of such total cost, which debentures shall be paid off during a period not exceeding twenty years from their date in annual instalments of such amounts as will provide an annual reduction of at least \$70,000.00 in the amount outstanding for principal and interest on said debentures.

5. To provide for the payment of the principal and interest of said debentures to fall due in each of the said twenty years the annual payments of \$35,000.00 each to be made by the Governments of the Dominion of Canada and Province of Ontario under the provisions of the said Orders-in-Council, or any legislation passed in accordance with the provisions of said Orders-in-Council, shall be paid over to the City as they are made, and the Association hereby assigns and transfers to the City all its right, title or interest in the said payments and each of them.

6. It is understood and agreed that although the Orders-in-Council hereinbefore referred to provide for a total payment of \$1,400,000.00 half by the Government of the Dominion of Canada, and half by the Government of the Province of Ontario, in annual payments of \$35,000.00 each for a period of twenty years, the amount that the City is to receive from said payments is not to exceed the amount actually required to pay off the principal and interest of its said debentures according to the terms thereof,

and that if such required amount shall be less than \$1,400,000.00, such annual payments of \$35,000.00 each shall only be made for such period of years less than twenty as will provide the City with such required amount, and the payments in the last year of such period shall be reduced to such amount as shall be required to pay off the principal and interest of the debentures then outstanding.

7. From and after the coming into effect of this agreement the agreements now existing between the Association and the City, namely, the said agreements bearing date the 27th day of May, 1921, and the 27th day of June, 1923, respectively, shall be at an end and this agreement shall constitute the only agreement between the parties in respect to the matters dealt with in the said two agreements, and hereafter the Association shall have the right for the purposes of its show or exhibition, to the exclusive occupation of the building known as "The Coliseum," referred to in the said agreements and of the said live stock buildings near "The Coliseum" and of the said New Building, and of such portion of Exhibition Park adjoining said buildings as may in the judgment of the Commissioner of Parks for the City of Toronto be reasonably required for the proper operation of the Association's show or exhibition, for one month in each year during a period of twenty years which one month shall be either the month of November or a period of one month partly in November and partly in December as the Association may from year to year decide; Provided that the Association will on or before the 1st day of August in each year notify in writing the said Commissioner of Parks of the date when it requires its occupation in such year to commence, and that its right to occupation hereunder shall not in any year extend beyond the 15th day of December.

8. During the said period of twenty years the Association shall also have the right to the exclusive use and occupation of that part of the said New Building and equipment comprising the sale or show ring, and sufficient stabling accommodation adjacent thereto, at all other times when same are required for the holding of sales of registered live stock, except when required for the purposes of the Canadian National Exhibition Association, its successors or assigns; Provided that any revenue received by the Association for the use of such premises for sales of registered live stock shall be handed over to the City.

9. The New Building and equipment to be provided by the City as aforesaid shall at all times during the said period of twenty years be maintained, insured and kept in repair by the City, and in case same or any part of same shall be destroyed during the said period the City will replace same at its own expense and the provisions of this agreement shall apply to such replaced building or equipment.

10. The City will also, as the construction of the New Building proceeds, instal and thereafter maintain sewerage facilities adjacent to same so that proper drainage may be secured, and will also provide a roadway adjoining the railway tracks for unloading purposes, and such other roadways or approaches to the New Building as may in the opinion of the said Commissioner of Parks be necessary to allow proper access to the New Building by the public so that the Association's exhibition or show may be properly operated.

11. When not being used by the Association as herein provided the City may use the said buildings for any of its purposes and may rent the same from time to time for any purpose. The City, however, agrees that it will not hold or permit to be held in the said buildings any show or exhibition which shall be in direct competition with the Association's show or exhibition, but, without limiting the generality of the foregoing, this restriction shall not be construed as applying to prevent the holding of a spring show of saddle and harness horses or the exhibition held by the Canadian National Exhibition Association, its successors and assigns.

12. It is hereby understood and agreed, that the plans for the New Building are to provide for the construction of part of same for use as an office and another part of same for use as a store-room in which to keep stored the equipment provided by the Association for its show or exhibition,

and

and that the provisions of the next preceding clause for use by the City shall not apply to such office and store-room, which the Association shall keep locked up at all other times when the said buildings and equipment and the adjoining portion of Exhibition Park are not being used by it as hereinbefore provided.

13. The City will on each occasion hand over the buildings and equipment to the Association in a clean and sanitary condition and will not at any time during the said twenty years without the approval of the Association make any material change in the New Building or its interior arrangement or equipment or any change in the plans of the grounds immediately adjoining said building that will materially interfere with or add to the expense of the proper operation of the Association's show or exhibition.

14. During the Association's show or exhibition and at such other times as the said sale or show ring is being used by the Association, the City will, at the expense of the Association as hereinafter provided, provide water, heat and light of similar extent and character as it has heretofore supplied to "The Coliseum" during the Association's occupation of same.

15. Both parties hereto will endeavour to arrange with the transportation companies for proper railway loading and unloading facilities and a proper street car service to the Association's show or exhibition.

CERTIFIED COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, approved by the Deputy of His Excellency the Governor-General on the 3rd July, 1925.

The Committee of the Privy Council have had before them a report, dated 29th June, 1925, from the Minister of Agriculture, submitting that the Royal Agricultural Winter Fair, held annually in Toronto, has up to the present been quite successful, although the space available for live stock and other exhibits has proven inadequate and insufficient to provide accommodation for all the live stock and other exhibits entered for competition in the various classes, and it has become apparent that additional accommodation must be provided at this Fair if it is to retain its really national and international character.

That it would seem to be in the public interest for the Department of Agriculture to have some measure of control over the space to be allocated to the different classes of live stock and other exhibits at this Fair, and also over the premiums offered to winners of the various classes.

That this Fair should in the interests of agriculture, and particularly the live stock industry, receive encouragement from the Federal Government.

The Minister is of the opinion that the Dominion Government should grant some financial assistance in the erection of additional buildings to provide accommodation for live stock and such other exhibits as it might be advisable to place therein.

The Minister observes that the matter has been submitted to and has received the approval of the Department of Justice and the Auditor-General; he therefore recommends that the sum of \$35,000.00 be granted to this Fair for the fiscal year 1926-27, payable from the Live Stock appropriation.

The Minister further recommends that, subject to the passing of the necessary legislation at the next session of Parliament, annual payments of the same amount, namely, \$35,000.00, be made from the same appro-

priation

priation for nineteen successive years immediately after the year 1926-27, under the following conditions:—

1. That the Directors of this Fair agree to make such allocation of space for the different classes of live stock or other exhibits in their buildings as may be approved by the Minister of Agriculture or one of his officers to be named by him;

2. That the premiums offered each year for the different classes shall be offered subject to the approval of the Minister of Agriculture or one of his officers to be named by him;

3. That the Royal Agricultural Winter Fair agrees to erect these buildings according to plans and specifications, and at a cost approved by the Minister of Agriculture, or an officer named by him; and

4. That the Government of the Province of Ontario make to this Fair a grant equal in amount and for the same period as the grant from the Dominion Government.

The Committee concur in the foregoing and submit the same for Your Excellency's approval.

(Sgd.) E. J. LEMAIRE,
Clerk of the Privy Council.

The Acting Minister of Agriculture recommends that subject to the passing of the necessary legislation at the next Session of the Legislature, annual payments of \$35,000.00 each to be made for twenty consecutive years, commencing with the year 1926-7, subject to the following conditions:—

(b) The use by the Royal Agricultural Winter Fair of the building or buildings to be erected and equipped and of other buildings now situated on Exhibition Park, necessary for the proper housing and display of exhibits at, and the operation annually of, the Royal Agricultural Winter Fair.

(c)

(c) The maintenance, insurance and replacement of the building or buildings to be erected and equipment installed under the said agreement.

(d) The period of time during which under the agreement the said provision for an extension of such time.

(e) The use of the building or buildings as may be required from time to time for conducting auction sales of live stock.

(3) That the directors of said Fair agree to make allocation of space for the different classes of live stock or other exhibits in their buildings as may be approved by the Minister of Agriculture of Ontario, or one of his officers to be named by him.

(4) That the premiums offered each year for the different classes shall be offered subject to the approval of the Minister of Agriculture of Ontario, or one of his officers to be named by him.

(5) That the Royal Agricultural Winter Fair agrees to erect these buildings according to plans and specifications, and at a cost approved by the Minister of Agriculture of Ontario, or an officer named by him.

(6) That the Province reserves the right of inspection of the work in progress by the Department of Public Works.

(7) That the Province reserves the right to audit the construction cost.

The Committee of Council concur in the recommendation of the Honourable Geo. S. Henry, Acting Minister of Agriculture, and advise that the same be acted on.

Clerk, Executive Council.

Whereas by the Agreement, dated March 15th, 1901, the said Corporation of the Town of Sault Ste. Marie, did therein grant and confirm to the Sault Ste. Marie, on the terms therein set forth.

And whereas under the provisions of Statutes of Ontario, 1 Edward VII, 1901, Chapter 71, the name of the Sault Ste. Marie Electric Light and Transit Company was changed to The International Transit Company.

And whereas it is provided by Paragraph 15 of the said Agreement of March 15th, 1901, as follows:—

At the expiration of this franchise, if no renewal for a like period be granted by the Corporation on the same terms as above mentioned, the Corporation shall take over and pay the Company for the property of the Company at a valuation to be determined by arbitration in the manner provided by *The Arbitration Act*, and in estimating the value of the said street railway and its plant and property the arbitrators shall take into account the earning powers thereof at the date of the arbitration and allow the Company accordingly.

BETWEEN:

THE MUNICIPAL CORPORATION OF THE CITY OF SAULT STE.
MARIE, hereinafter called "The Municipal Corporation,"

of the first part,

—and—

THE INTERNATIONAL TRANSIT COMPANY, hereinafter called
"The Company,"

of the second part.

Whereas by Agreement, dated March 15th, 1901, the Municipal Corporation did grant and confirm to the Sault Ste. Marie, in the District of Algoma, on the terms and conditions therein set forth.

And whereas under the provisions of Statutes of Ontario, 1 Edward VII, 1901, Chapter 71, the name of the Sault Ste. Marie Electric Light and Transit Company was changed to "The International Transit Company."

And whereas by Paragraph 15th, of the said Agreement, of March 15th, 1901, it was provided:

At the expiration of this franchise, if no renewal for a like period be granted by the Corporation on the same terms as above mentioned, the Corporation shall take over and pay the Company for the property of the Company at a valuation to be determined by arbitration in the manner provided by *The Arbitration Act*, and in estimating the value of the said street railway and its plant and property the arbitrators shall take into account the earning powers thereof at the date of the arbitration and allow the Company accordingly.

1. Now therefore this indenture witnesseth that in pursuance of the provisions for renewal above referred to, the Municipal Corporation doth hereby grant and confirm to the Company, the free and exclusive right, power and authority for a period of twenty-six (26) years from the first day of July, 1926, and no longer, to operate surface street railways in the City of Sault Ste. 4. The said Company, its successors and assigns shall have the exclusive right to build, subject to existing rights referred to in Paragraph 2, hereof, and operate the street railway in any and all the said streets of the said City, including all streets which the said Municipal Corporation may

hereafter

hereafter acquire jurisdiction or authority over, free of charge or rental therefor and the said Company shall maintain a single or double track or a single track with switches, side tracks or turnouts, as to the said Company may from time to time seem proper, along Queen and Superior Streets (now Queen Street West) from Upton Road to Huron Street, during the said period of twenty-six (26) years.

5. The said Company shall be permitted without let or hindrance from the Municipal Corporation, its successors or assigns to construct, maintain or operate an iron or steel street railway track or tramway with the necessary culverts, switches, or turnouts for the passage of cars, carriages, or other vehicles adapted to the same, in, upon and along any and all of the streets of the City of Sault Ste. Marie, Ontario, including all streets over which said Corporation may hereafter acquire jurisdiction or authority, subject to existing rights referred to in Paragraph 2, hereof.

6. All works necessary for constructing and laying down said work or tramway shall be made in a substantial manner suitable to the traffic and with due regard to the growth and requirements of the City.

7. The tracks and turnouts shall conform to the grades of the streets as furnished by the City Engineer, and the Company shall not in any way change or alter the same except with the approval of the said Engineer; but in all cases where it is found necessary in determining the grades of the said railway or tramway to lay the same at a different grade from the street or road, then in such cases the Company shall make up or depress the grade of the said street to conform with the grade of the railway or tramway; the top of the rails shall be laid flush with the street as nearly as practicable and the gauge of the said railway or tramway shall be four feet eight and one-half inches, or such other gauge as to the Company may from time to time seem proper.

8. The said Municipal Corporation shall have the right, and it shall be lawful for it after twenty (20) days' written notice of its intention so to do, to take up any part of the streets or highways traversed by the railway or tramway of the said Company for the purpose of altering the grade thereof, constructing or repairing sewers, drains, culverts or street crossings, or for the laying down or repairing water pipes, or for any other purpose or purposes within the province, or privileges of a Municipal Corporation, and the Company shall not be entitled to any compensation for damages occasioned thereby to the working of the said railway or tramway or works connected therewith or otherwise howsoever provided that the Municipal Corporation shall bear the cost of taking up and replacing the tracks, rails and works and of putting the same in as good a condition as when they were taken up.

9. The cars, teams and vehicles of the Company shall have the first right of way over the said railway or tramway and all vehicles and persons travelling on that portion of the said highway occupied by the said railway or tramway shall turn out upon meeting or being overtaken by any car or vehicle of the Company so as to give such car or vehicle free right of way.

10. The Company shall run, at least, one car each way hourly each day on a regular time-table between the hours of 6 a.m. and 10 p.m., except prevented by accident or storm or excessive depth of snow, in any of which cases due diligence shall be exercised to put the line again into operating condition.

11. The speed of the cars shall never exceed ten miles per hour.

12. No higher fare than five cents shall be charged for the conveyance of each passenger for a continuous journey the full distance one way on the line within the limits of the Town of Sault Ste. Marie, as same existed on March 15th, 1901.

13. The Company shall be liable for all damages arising out of the improper or negligent construction, repair or operation of the said railway or tramway, and the Company shall hold the Municipal Corporation in all respects harmless in respect thereof, and, upon demand, shall forthwith pay to the Municipal Corporation all sums payable by or recovered against

the said Municipal Corporation in respect of any such claims arising from the causes above mentioned, together with all costs of or incidental to such claims incurred by the Municipal Corporation; provided however, that such claims have in no way arisen from the negligence, omissions or other default or defaults of the said Municipal Corporation apart from said railway or tramway.

14. Should the Company neglect to keep its track or roadway or crossings or ballasting in good condition according to the terms of this grant or to have the necessary repairs according to this grant made thereon, the said Municipal Corporation may give written notice requiring such repairs to be forthwith made; and if after such notice the Company do not within one week begin and carry to completion with all reasonable diligence the necessary repairs, then such necessary repairs may be made by the Municipal Corporation at the expense of the Company.

15. At the expiration of this renewal, if no renewal for a like period be granted by the Corporation on the same terms as above mentioned, the Corporation shall take over and pay the Company for the property of the Company at a valuation to be determined by arbitration in a manner provided by *The Arbitration Act*, and in estimating the value of the said Street Railway and its plant and property, the Arbitrators shall take into account the earning powers thereof at the date of the arbitration and allow the Company accordingly.

16. This grant is intended to renew the franchise under the provisions of Paragraph 15 of the said Agreement, dated March 15th, 1901, applicable to conditions existing at the date of such renewal; and the Municipal Corporation for the more effectually carrying out of said intention hereby makes this grant, subject to and including all terms and conditions proper and necessary for effecting a renewal of the franchise under the provisions of said Paragraph 15.

BY-LAW No. 1114.

OF THE

TOWN OF WALKERVILLE.

A By-law to raise the sum of Nine Thousand Dollars (\$9,000.00) by the issue of debentures for the purpose of paying for the cost of constructing certain sewers for the purpose of relieving the main sewers in the Town of Walkerville.

Whereas owing to the increase of population in certain districts of the Town of Walkerville it has become necessary to equalize the flow in the main sewers and to construct cross sewers for that purpose.

And whereas the cost of the same is the sum of Nine Thousand Dollars (\$9,000.00).

And whereas it is deemed necessary to raise by way of loan the said sum of money for the said purpose upon debentures to be issued therefor and to authorize the Mayor of the Town of Walkerville to issue debentures as aforesaid.

And whereas it is deemed expedient to make the debentures so to be issued to mature and the loan effected thereon payable by annual installments within ten years from the date of such debentures and to fix the rate of interest to be paid upon the said loan at five per centum per annum.

And

And whereas it will require the sum of Eleven Hundred, Sixty-five Dollars and Fifty-four Cents (\$1,165.54) to be raised annually during the said period of ten years by a special rate sufficient therefor, over and above and in addition to all other rates, upon all the rateable property of the Municipality for the payment of the debt thus to be created and the interest thereon at the rate aforesaid.

And whereas the amount of the whole rateable property of the Municipality according to the last revised assessment roll thereof being roll made in the year 1925, is \$13,063,562.00, and the amount of the existing debenture debt of the Municipality exclusive of local improvement debts secured by special rates and assessments is \$502,441.86, no part of which debt nor the interest thereon is due or in arrears.

SCHEDULE "1"

BY-LAW NUMBER 259

OF THE CORPORATION OF THE VILLAGE OF WATERFORD.

To provide for the issue of debentures in the sum of \$66,809.23 to pay for the construction and establishment of a waterworks system and watermains in the said Village of Waterford.

Whereas the Provincial Board of Health of the Province of Ontario has reported in writing that it is of opinion that it is necessary in the interest of the public health that a waterworks system should be established in the said Village of Waterford, pursuant to the provisions of the *Public Health Act*;

And whereas a waterworks system and watermains have been constructed and established accordingly, pursuant to plans and specifications which were duly submitted to the Provincial Board of Health of the Province of Ontario and were duly approved and such approval certified under the hand of the Chairman and Secretary of the said Board, pursuant to *The Public Health Act*;

And whereas the estimated lifetime of the said work is twenty years;

And whereas the total cost of the said work is \$66,809.23, of which \$51,704.23 is the Corporation's portion of the cost and \$15,105.00 is the owners' portion of the cost, for which special assessment rolls have been duly made and certified.

And whereas it is necessary to borrow the said sum of \$66,809.23 on the credit of the Corporation and to issue debentures therefor bearing interest at the rate of five per cent. (5%) per annum, which is the amount of the debt intended to be created by this by-law;

And whereas it is expedient to make the principal of the said debt repayable in yearly sums during the period of twenty years of such amounts respectively that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to the amount so payable for principal and interest in each of the other years;

And whereas it will be necessary to raise annually the sum of \$5,360.95 during the period of twenty years to pay the said yearly sums of principal and interest as they become due, of which \$4,148.85 is required to pay the Corporation's portion of the cost and the interest thereon and \$1,212.10 is required to pay the owners' portion of the cost and the interest thereon;

And whereas the amount of the whole rateable property of the municipality, according to the last revised assessment roll, is \$780,515.00;

And whereas the amount of the existing debenture debt of the said Corporation is \$15,588.12, of which no amount of principal or interest is in arrears;

And whereas it is desirable that a uniform special rate of five cents (5c.) per foot frontage be levied upon all the real property fronting upon the said work.

Therefore the Municipal Council of the Corporation of the Village of Waterford enacts as follows:—

1. For the purposes aforesaid there shall be borrowed on the credit of the Corporation at large the sum of sixty-six thousand, eight hundred and nine dollars and twenty-three cents (\$66,809.23) and debentures shall be issued therefor in sums of not less than fifty dollars (\$50.00) each. The debentures shall all bear the same date and shall be issued within two years after the date on which this by-law is passed, and may bear any date

within

within such two years, and shall be payable in twenty annual instalments during the twenty years next after the time when the same are issued. The debentures shall bear interest at five per cent. *pe annum*, payable yearly and there shall be attached thereto coupons for the payment of the said interest, and the respective amounts of principal and interest payable in each year shall be the sums set forth in the schedule attached to this by-law as Schedule "A."

2. The debentures as to both principal and interest may be expressed in Canadian currency or in sterling money of Great Britain at the rate of one pound sterling money for each four dollars and eighty-six and two-third cents, and may be payable at any place or places in Canada or Great Britain.

3. The Reeve of the Corporation shall sign the debentures and the same shall also be signed by the Treasurer of the Corporation, and shall be sealed with the seal of the Corporation, and the interest coupons shall be signed by the Treasurer of the Corporation only. It shall be sufficient if the facsimile signature of the Treasurer be printed upon said coupons.

4. During twenty years, the currency of the debentures, there shall be raised annually for the payment of the owners' portion of the cost, and the interest thereon, the sum of Twelve Hundred and Twelve 10/100 Dollars (\$1,212.10) and for the payment of the Corporation's portion of the cost and the interest thereon, the sum of Forty-one Hundred and Forty-eight 85/100 Dollars (\$4,148.85), making all the sum of Fifty-three Hundred and Sixty 95/100 Dollars (\$5,360.95) to be raised annually during the period of twenty years for the payment of the said debt and interest as follows:

For the payment of the owners' portion of the cost of the said works, respectively, and the interest thereon, the special assessments set forth in the special assessment rolls respectively, in the recitals mentioned, are hereby imposed upon the lands liable therefor, respectively, as therein set forth; which said special assessment with sums sufficient respectively, to cover interest thereon at the rate aforesaid, shall be payable in twenty equal annual instalments of an aggregate sum of Twelve Hundred and Twelve 10/100 Dollars (\$1,212.10) each, and for that purpose a special rate per foot frontage of five cents per foot, in respect of the said work herein mentioned is hereby imposed upon the lots entered in the said special assessment roll, in respect of the said work for which said lots are respectively liable to assessment according to the assessed frontage thereof, over and above all other rates and taxes, and the said special rates shall be collected annually by the Collector of taxes for the Corporation, at the same time and in the same manner as other rates.

For the payment of the Corporation's portion of the cost and interest thereon the said sum of \$4,148.85 shall be levied and raised annually by a special rate sufficient therefor over and above all other rates, on all the rateable property in the municipality, at the same time and in the same manner as other rates.

5. The debentures may contain any clause providing for the registration thereof, authorized by any statute relating to Municipal debentures in force at the time of the issue thereof;

6. If at any time the owner of any of the said property hereby assessed or of any part thereof, shall desire to commute the assessment hereby imposed upon this said property by the payment of a principal sum in lieu thereof, he may so commute by the payment to the Treasurer of the present value of the remaining special rate hereby authorized to be levied in respect of the said property, the present value to be calculated on an interest basis of four per cent. *per annum*.

7. The amount of the loan authorized by this by-law may be consolidated with the amount of any loans authorized by other local improvement by-laws, by including the same with such other loans in a consolidating by-law authorizing the borrowing of the aggregate thereof as one loan, and the issue of debentures for such loans in one consolidated issue, pursuant to the statute in that behalf.

8. The said Reeve and Treasurer may cause the said debentures or a sufficient amount thereof to be sold or hypothecated for loans to the said Village of Waterford or may authorize the said debentures or any portion thereof to be purchased or taken as and for a temporary or permanent investment of the sinking fund of the municipality and the proceeds thereof, after providing for the discount, if any, and the expense of negotiation and sale thereof shall be applied for the purpose for which said debentures are issued and no other.

9. This by-law shall take effect on the day of the final passing thereof.

SCHEDULE "A"

Agreement made in triplicate the twenty-sixth day of October, 1925.

BETWEEN:

THE CORPORATION OF THE TOWN OF WESTON,
hereinafter called the "Town,"

of the first part,

—and—

THE CORPORATION OF THE TOWNSHIP OF YORK,
hereinafter called the "Township,"

of the second part,

—and—

THE TORONTO TRANSPORTATION COMMISSION,
hereinafter called the "Commission,"

of the third part.

Whereas the Toronto Suburban Railway owns and operates, pursuant to certain franchise agreements, a street railway on Weston Road, from the northerly limits of the Town to the southerly limits of the Township upon such highway.

And whereas, by statutes of the Province of Ontario, 15 Geo. V, Chapter 115, and 15 Geo. V, Chapter 121, Section 2, the Town and the Township respectively were authorized and empowered to purchase the said street railway within their respective municipal limits.

And whereas, both the Town and Township intend to purchase from the Toronto Suburban Railway those portions of the said street railway upon the Weston Road within their respective municipal limits.

And whereas, by statute of the Province of Ontario, 12 and 13 Geo. V, Chapter 139, Section 4, as amended by 14 Geo. V, Chapter 140, the Township is given certain powers to construct, equip, maintain and operate street railways.

And whereas, by the statutes above referred to, the Town and the Township were respectively authorized and empowered to enter into agreements with the Commission for the operation by it of any street railways of their respective corporations, for such period and on such terms and conditions as might be deemed proper by the parties thereto.

And whereas, the said Commission has been requested by the Town and the Township respectively to operate the said portions of the said railway upon the Weston Road on their behalf when purchased and has agreed to do so upon the terms and conditions hereinafter set forth.

And whereas, by By-law No. 362 of the Town, passed on the 12th day of October, 1925, a certified copy of which is attached hereto and which said by-law has received the approval of the electors of the Town, the Town has authorized the execution and delivery of these presents.

And whereas, by By-law No. 8241 of the Township, passed on the 4th day of November, 1925, a certified copy of which is attached hereto, the Township has authorized the execution and delivery of these presents.

Now therefore this indenture witnesseth that the parties hereto have agreed as follows:

1. The term "the street railways" where used in this agreement shall, unless the context requires a different meaning, mean the street railway upon the Weston Road from the south limits of the Township to a point to be agreed on between the subway of the Canadian National Railways and Humber Street in the said Town and any future extension thereof or addition thereto within the Town or within the district in the Township which may be assessed for the cost thereof, whether such extension or addition is by street railway, motor bus or other vehicle.

The term "Board" shall mean the Ontario Railway and Municipal Board.

The term "the Corporations" shall mean the Town and the Township.

The term "cars" or "rolling stock" shall, unless the context requires a different meaning, include buses or other vehicles.

2. In consideration of their mutual covenants herein contained the Corporations hereby agree that all rights, privileges, obligations or duties conferred or imposed by the franchise agreements with the Toronto Suburban Railway hereinbefore referred to are terminated upon the purchase of the said Railway by the said Corporations, and that neither corporation shall be considered as the successor or assign of the Toronto Suburban Railway in respect of any of such rights, privileges, obligations or duties.

3. The Commission will, provided the terms and conditions hereinafter set out be fulfilled, operate the street railways on the terms and conditions and for the period hereinafter set out, provided always that under no circumstances is the Commission or the Corporation of the City of Toronto to be at any cost or expense or to incur any liability by reason of such operation.

4. The Township covenants and agrees that within six months from the date hereof or within such further period as the parties hereto may agree or the Board may order, it will have purchased the street railway upon the Weston Road within its limits and will have the same rehabilitated or constructed and ready for operation by the Commission, such rehabilitation

or construction to be according to plans and specifications prepared by and furnished by the Commission at the cost of the Township and to be under the entire supervision of the Commission, any charge for such supervision not to exceed one per cent. of the cost of such rehabilitation or construction. Provided, however, that the Township may, through its own engineer, give such additional supervision and inspection of the said work as it may desire, the Commission agreeing that upon receipt of any report from the engineer of the Township that the said work is not being carried out in accordance with the said plans and specifications it will forthwith take such action as may be necessary to effect a compliance with the said plans and specifications.

5. Should the Township make default in carrying out the provisions of the next preceding paragraph, the Commission may forthwith terminate this agreement and the Township shall pay to it on demand any actual loss or damage which it may have sustained by reason of its having entered into the same or by reason of such termination thereof.

6. The Town covenants and agrees that within the period named in paragraph 4 above it will have purchased the street railway on Weston Road within its limits and changed the gauge thereof under the supervision of and in a manner satisfactory to the Commission, to conform with the gauge of the Commission's other lines, namely, to a width of four feet, ten and seven-eighths inches ($4' 10 \frac{7}{8}''$). Should the Town make default under this paragraph the Commission may forthwith terminate this agreement and the Town shall pay to it on demand any actual loss or damage which it may have sustained by reason of its having entered into the same or by reason of such termination thereof.

7. No street railway or any extension thereof shall be constructed or acquired by the Town during the term of this agreement unless with the consent of the Commission and unless, in the case of the construction or rehabilitation of a street railway, or any portion or extension thereof, the approval of the Commission as to location, grade, track gauge, manner of construction and materials to be used in such construction is obtained.

8. The Corporations will, during the term of this agreement at the request of the Commission take all means within their respective powers to ensure to the Commission the exclusive right of furnishing in any manner whatsoever local transportation within the Town or within the district in the Township which may be assessed for the cost of the street railways, and in particular will pass and enforce such by-laws as either Corporation may from time to time legally pass, to prevent the operation of busses or jitneys where and when the Commission deems such to be in competition with the street railways. Provided that this section is not intended to prevent the operation by the Commission for the Corporations or either of them of a motor coach or bus service or any other special service upon special terms to be arranged, if in the opinion of the Commission such service is justifiable, having regard to the interests of the street railways. Should any such service be instituted by the Commission on behalf of the Town, no stops for the purpose of taking on or letting down passengers shall be made within the Township without the consent of both Corporations.

9. The Corporations respectively agree to pass such by-laws as they may from time to time legally pass to prevent unnecessary obstruction of their street cars by other vehicles and to give such street cars a right-of-way at street intersections over other vehicles.

10. The Corporations respectively agree to make no agreement or arrangement with, and to grant no bonus, license or inducement to any other railway, street railway or transportation company (limited as to the Township to any district which may be assessed for the cost of the street railways) without the written consent of the Commission. Provided that this clause shall not be deemed to apply to agreements or arrangements with owners or operators of a steam or electric railway for non-local service on a private right-of-way.

11. The Commission agrees that it will not operate any service other than is contemplated by this agreement, within the Town or within the district of the Township which may be assessed for the cost of the street railways, which, in its opinion, or in the opinion of the Board, prejudicially affects the street railways, provided that this clause shall not be construed to interfere with the operation by the Commission from time to time of busses, coaches or other vehicles for sightseeing, excursion or other non-competitive purposes.

12. The Corporations agree to have furnished on streets on which the street railways operate adequate street lighting on each side thereof, and, in all cases where the track allowance occupies the centre of the highway, to provide a sufficient width of travelling roadway on either side to permit a vehicle to pass between the street car and curb or gutter.

13. Any debentures issued, either by the Town or Township, to meet the cost of the acquisition, rehabilitation or construction of the street railways shall be serial debentures payable within a term not exceeding twenty years.

14. The cost of construction, acquisition or rehabilitation of the street railways shall in no case be deemed to include:

(a) The cost of providing rights-of-way for such railways (other than the cost of land required for the purpose of terminal loops), and specifically land or property damages in connection with any street opening or widening;

(b) Any subway, bridge, culvert or retaining wall;

(c) Subject to Clause 33 the laying or renewal of any pavement.

15. The cost of construction of the street railways shall also include the cost of any land, track, buildings, rolling stock or equipment, or other capital expenditure, in addition to the original cost of such street railways, which the parties may from time to time agree is necessary or which, in default of agreement, the Board may decide is necessary to the efficient operation of any such street railways, provided however that in any case any such contemplated expenditures shall be subject to the approval of the Board.

16. The Town (subject to the proviso hereinafter in this paragraph contained) or Township, as the case may be, shall, within three months from the approval of any such expenditures by the said Board, furnish the Commission with the necessary monies therefor as required, and the parties hereto hereby agree to join in an application to the Legislature of the Province of Ontario for legislation permitting either Corporation to pass by-laws from time to time providing for the issuance of debentures for any such capital expenditures as are approved by the Board without submitting the same to a vote of the qualified electors. Provided that in case of the Town, when the total amount of such expenditures shall have reached the sum of Thirty-five thousand dollars no further such expenditure shall be made without being submitted to the electors as aforesaid.

17. If the Township and the Commission at any time agree that it is necessary, for the proper and efficient operation by the Commission of the street railways, to construct a connection between such street railways and the Commission's system within the City of Toronto, the Commission may construct or have constructed such connection.

18. The cost of construction of such connection within the limits of the Township shall be borne by and such connection shall belong to the Township and the cost of construction of the whole or any portion of such connection within the City of Toronto shall be borne equally by the Town and the Township. Neither corporation shall have any right or claim to or interest in any part of any such connection constructed within the limits of the City of Toronto.

19. The cost of construction of such connection within the limits of the said City shall be deemed to include everything incidental to such con-

struction

struction, and unless such construction is done by contract there shall be included in such costs a proper percentage charge for the expenses of general engineering and supervision.

20. It is agreed between the parties hereto that a connection between the street railway of the Township and the Commission on Weston Road at or near Northlands Avenue is necessary for the proper and efficient operation by the Commission of the street railways.

21. The Commission shall have the sole management of the street railways, including the routes to be operated and the service to be given, shall arrange for all cars, crews and equipment necessary for the operation thereof, and shall (subject to paragraph (22) hereof) maintain and repair all parts of such street railways and the paving of the track allowance therefor which shall include the space between the outer rails and sixteen inches outside of the gauge side of each of the said outside rails.

22. The cost of and incidental to the repair and maintenance of such track allowance paving, other than the cost of any repairs rendered necessary by reason of the repair or replacement of the tracks and track structures, shall not be charged against street railway operation, but shall be borne by the Town or Township as the case may be and shall be paid by it to the Commission forthwith upon demand.

23. When the Town or Township, as the case may be, desires to carry out any municipal work under, or which may in any way affect, the street railways, it shall, except in cases of emergency, give the Commission reasonable notice thereof, and shall bear the full cost of repairing or replacing any part of such street railways injured or destroyed by the carrying out of such work.

24. The Commission may, by sweepers or otherwise, remove snow from off the track allowance to the sides of the roadway, and such proportion of the cost of the snow removal from the roadway, other than the cost of the removal from the track allowance as above, as the width of the track allowance bears to the total width of the roadway, including sidewalks where the same are laid within three feet of the curb, shall be borne by the Commission and charged as part of the cost of operation of the street railways.

25. All claims or actions for alleged negligence in the operation of the street railways shall be made or brought against the Commission and dealt with by it, and the Commission shall have, through its solicitor, the conduct and control of all such claims and actions or of any action brought against either the Town or the Township in respect of any such alleged negligence, and may defend or compromise the same as it deems expedient.

26. In case the Commission shall at any time or times be prevented from operating the street railways by reason of strike, fire, riot, invasion, act of God, or the King's enemies, or any other cause beyond its control, the rights and obligations of the parties hereto shall be unaffected thereby and each shall be prompt and diligent in doing everything in its respective power to remove or overcome such cause or causes of interruption.

27. The Commission agrees, if either Corporation so requests, to purchase from the electric system of either corporation, power for the operation of the street railways, provided that in the judgment of the Commission such power can be advantageously purchased and used either in conjunction with or in lieu of other sources of power.

28. The Commission shall fix the rates of fare, including the rate if any for transfers to or from other transportation services operated by the Commission, to be charged from time to time on the street railways and such rates shall be such as in the opinion of the Commission are necessary to meet the full cost of the maintenance, repair and operation of any such street railways, such maintenance, and/or renewal reserves as it shall think necessary, and the debt charges against the same. No reduction, however, shall be made in any existing fares unless by consent of the parties hereto or order of the Board, and not more than one uniform fare

shall at any time be charged upon the street railways for any one continuous journey between any point within the present limits of the Town and that portion of the Township which may be assessed for the street railways and any other point in such area, provided that with the consent of the Corporation in which any extension or addition to the existing street railway is made an extra fare on such extension or addition may be charged. Where cars are through routed over the street railways and any other street railway operated by the Commission other than that in the City of Toronto, the Commission shall determine the proportions of revenue and expenditure to be allotted to each of such street railways.

29. The cost of maintenance, repair and operation of the street railways shall be computed as follows:

(a) All items directly chargeable to operation for the Corporations, such as power, maintenance of way and snow removal, shall, with the exception of injuries and damages, be so charged.

(b) The only amount chargeable in respect of injuries and damages shall be the same annual cost per car mile as is incurred by the Commission in the operation of its street railways within the City of Toronto in respect of such item (including therein administration and legal expenses).

(c) Save in respect of such items as above, the cost of operation, exclusive of administration and management, of rolling stock shall be charged on a car mileage basis, the rate therefor to be the average rate upon the Commission's city system for rolling stock of a like character and such rate to include an allowance for the capital costs of rolling stock and/or equipment where such rolling stock and/or equipment is not owned by the Town or Township.

(d) Any other items of cost applicable both to the street railways and other street railways shall be apportioned by the Commission according to the respective use made by each of the facilities in respect of which such item of cost was incurred.

(e) A sum not exceeding five per cent. of the gross annual revenue may be set aside each year for the purposes of an Operating Reserve Fund and such amount shall be included in the cost of maintenance, repair and operation.

(f) The cost of administration and management in connection with such operation is to be estimated at seven per cent. of all other items of cost of maintenance, repair and operation and is to be added thereto and retained by the Commission for its own use.

30. In connection with the matters dealt with by the next preceding paragraph, the system of accounting to be used, except where inconsistent with the express provisions hereof, shall be the classification of accounts for use of electric railways prescribed by the Interstate Commerce Commission of the United States, dated July 1st, 1914, and any future revisions thereof.

31. The Commission shall, after providing for the maintenance, repair and operation as above defined, of the street railways and such maintenance and renewal reserves as it shall think necessary, pay any surplus revenue in its hands to the respective Treasurers of the Corporations in the proportion provided for by paragraph (36) hereof, to be placed by them in special street railway accounts for the payment from time to time of the debt charges incurred in respect of the street railways.

32. Any payments to be made by the Commission under the next preceding paragraph shall be made forthwith after each quarter of the calendar year and are intended to be approximate only and shall be subject to adjustment by the Commission after the annual audit and report hereinafter provided for.

33. In consideration of the covenants and agreements entered into herein by the Corporations, the Commission, for the purposes of Paragraph (31) hereof only, agrees that the cost of paving the track allowance as

defined

defined in Paragraph (21) hereof with a type of pavement to be agreed upon by the parties hereto and according to plans and specifications furnished by the Commission, may be included in the debt charges referred to in such paragraph, provided that all such costs shall be kept in a separate account from the costs of track structure and overhead.

34. After the close of each calendar year the Commission will prepare a report to the Corporations giving a complete certified financial statement of its operation of the street railways during the preceding year, and any of such statements shall be, if either the Town or Township so desires, subject to audit by one independent auditor to be agreed on by the parties or appointed by the Board.

35. The Commission will, upon request, furnish the Town or Township with a statement of the revenue passengers carried and the car miles operated for any calendar month on the street railways and/or the portion thereof within the limits of the Corporation making such request.

36. The revenues of the street railways shall be apportioned as between the Town and the Township for each calendar year or portion thereof on the following basis:

(a) If the cost of maintenance, repair and operation of the street railways as defined in paragraph (29) hereof shall exceed the gross revenues for any such period, the consequent deficit on operation shall be borne by each municipality in proportion to the car miles operated during such period within its limits.

(b) Should the gross revenues exceed such cost of maintenance, repair and operation, then any resulting surplus is to be divided between the two municipalities in proportion to the capital investment of each in the street railways.

37. If for any reason the revenue from the street railways for a period of three consecutive calendar months shall be insufficient to meet the full costs for such period of the maintenance, repair and operation thereof as defined in paragraph (29) hereof, the Corporations shall pay to the Commission forthwith on demand the amount of any such deficiency in the proportions set out in the next preceding paragraph. Provided that in the event of the neglect of either of such Corporations to pay their proper proportion of such amount within thirty (30) days of such demand, the Commission may, without further notice, discontinue the operation of the said street railways and it and the other party hereto may recover from the Corporation in default any damage sustained by reason of such default, but such discontinuance of operation shall not release any party from this agreement. And provided further that the Corporation not in default, without prejudice to its rights under this agreement, may at its option pay the amount in default by the other Corporation and shall have the right to recover the amount of such payment from such Corporation in default.

38. The Commission may, during the term of this agreement, operate over the street railways through running cars serving other municipalities in conjunction with the Town and/or the Township. Such through running service shall not, however, be commenced in respect of cars serving any other municipality than the Corporations and the City of Toronto until the terms and conditions thereof, as agreed to by the Commission on behalf of the Town and/or the Township, shall have been approved of by the Town and the Township, or failing such approval by either Corporation, by the Board.

39. This agreement shall continue in force until the 7th day of August, 1945.

40. At the termination of this agreement the Corporations, if the Commission so desire, shall purchase from the Commission, and the Commission, if the Corporations or either of them so desire, shall sell any rolling stock or other material and equipment which the parties may agree or the Board may decide were used or acquired for service upon the street railways, at the value shown upon the books of the Commission, less

depreciation at the rates allowed by the Commission for such items of property. In case the Corporations cannot agree between themselves as to the manner of carrying out the said purchase, their respective rights shall be determined by the Board.

41. Any reserves in the hands of the Commission at the termination of this agreement shall be deemed to be held by it for the Corporations as follows:

(a) Any operating reserves in proportion to the car miles operated during the period of setting aside such reserves.

(b) Any other reserves in proportion to the capital investment of each Corporation in the street railways.

42. The Corporations shall, upon the termination of this agreement, indemnify and save harmless the Commission from all claims, demands and/or obligations whatsoever in respect of its operations of the street railways.

43. The Corporations hereby respectively covenant and agree to execute such further and other documents and to pass such by-laws as may be requested by the Commission for the purpose of fully effectuating the objects and intent of this agreement.

44. The Commission shall not in any way be liable, by reason of any error or omission in any reports, estimates, plans or specifications made for the Town or Township prior to the entering upon of this agreement, or made thereafter in pursuance thereof, or otherwise.

45. The Township shall not be liable for the acts or defaults of the Town under this agreement and the Town shall not be liable for the acts or defaults of the Township under this agreement but each Corporation shall only be liable for its own acts or defaults and every covenant and agreement on the part of the Corporations herein contained shall be construed accordingly.

46. The parties hereto agree to use their best endeavours to have this agreement ratified and confirmed by legislation at the next ensuing session of the Legislature of the Province of Ontario.

In witness whereof the parties hereto have hereunto set their corporate seals by the hands of their proper officers in that behalf, on the day and year first above written.
